Initial notification of potential sourcing opportunity

FAPM
Opportunity no.
31

Component: Magnesium metal/ingots

Part Category:

Forgings	casting iron	casting alumin(i)um
Stamping	Plastic part	Rubber
Soft trim	Hard Trim	Electrical
	Other	

Part Description: Magnesium alloy is used in many parts of a motor car being wheels, transmission, seats, steering wheel columns and internal boots. South Koreans are expanding into magnesium sheet for panels and consumer products.

Extended Description: Should specific alloys be required for specific parts, Latrobe Magnesium or a partner could produce the required alloy.
