

Initial notification of potential sourcing opportunity

Component: Wheelie Bin Handling System

Part Category:

Forgings	casting iron	casting alumin(i)um
Stamping	Plastic part	Rubber
Soft trim	Hard Trim	Electrical
	Other	

Part Description: Complete product: patented trolley range for handling multiple and very heavy wheelie bins.

Extended Description: Three manual two-wheeled and three-wheeled trolleys and one electric three-wheeled trolley comprising a bin handling system. Domestic and Commercial (hospitals, retirement homes, educational establishments, multiple dwellings, etc) applications. Substantial WHS benefits in the latter. Trolleys also handle multiple stackable chairs.

Looking for an Australian manufacturer to take over the business, manufacture and market. Proof of domestic and export market. Other related products under development. See website: www.wheeliesafe.com.au for full details.
